According to Barbara and Ernie, owners of *Ernie's Doves Release*, "The snow white doves can be a part of your magical day! At the wedding ceremony, two white doves are released by the bride and groom symbolizing their union as they begin their journey together. Many times, additional doves are released to symbolize good thoughts and well wishes of guests. Two brides-to-be will be selected at random to assist in the release, and bridal attendees will have an opportunity to win a dove release for their wedding. Registration will be at the Dove Release table located in the Hyatt's Atrium.

A visit to this season's 37th Annual Bridal Premiere is the best way to begin planning for the most important day of your life –
